# HOW IT WORKS

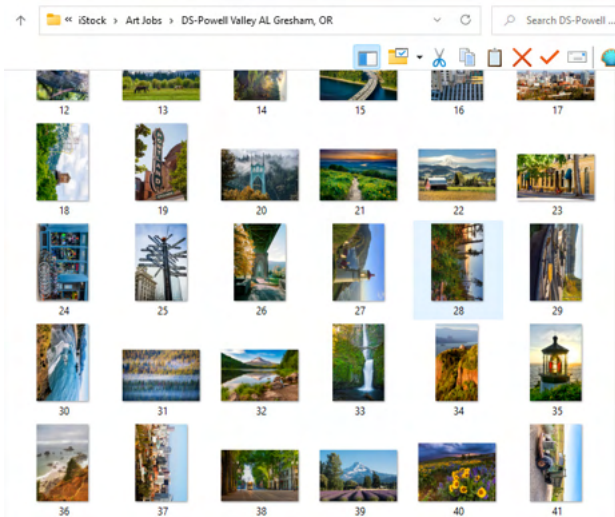

## STEP 1 - DISCUSSING THE DETAILS

First, tell us what you are looking for in terms of art style, subject matter, and color scheme. One of our designers will discuss these details with you in-depth, before starting the project. Then, tell us your budget for the project!

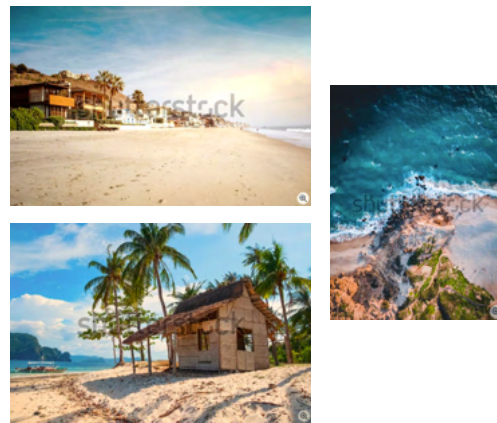

## STEP 2 - ARTWORK SELECTION

After discussing the details, a designer will compile double the amount of artwork requested. The designer does this in order to give you many options and establish a direction for your project.

## STEP 3 - PLACEMENT PLAN

After selecting the artwork, the designer will thoughtfully place the art in specified areas throughout the facility. A floor plan is needed in order to accurately visualize the space.

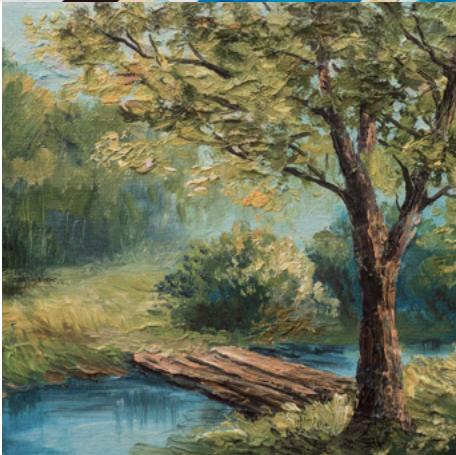

---

## STEP 4 - FINAL PRESENTATION/QUOTE

Finally, the designer will provide a detailed artwork presentation listing finish specifications for approval. If you love what you see, then the project goes on to production! It's that simple.

A gallery wall featuring four vertical framed artworks. Each artwork depicts a close-up of blue flowers with white centers, set against a vibrant green background. The frames are white and the artworks are displayed in a row. The word "ARTWORK" is overlaid in large, white, bold, sans-serif capital letters across the center of the image. The background is a dark, semi-transparent overlay of the gallery scene. In the bottom left corner, a portion of a brown upholstered chair is visible. A white electrical outlet is visible on the wall to the right of the artworks.

## UNIQUE AND CAPTIVATING

With our variety of art vendors, we are able to provide you with many options for your space. From fine arts to regional photography, our vendors make it possible for your place to stand out.

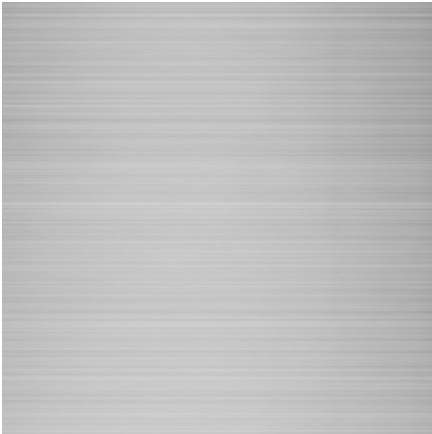

A collection of various wood and laminate trim samples arranged in a repeating chevron pattern. The samples are stacked vertically, creating a rhythmic, zig-zag visual effect. The colors range from dark, rich browns and greys to lighter, natural wood tones and off-whites. The textures vary from smooth, solid finishes to those with visible wood grain. The word "CUSTOMIZE" is overlaid in the center in a bold, white, sans-serif font.

A hand is holding a fan of colorful paint swatches, ranging from light pastels to vibrant colors like red, purple, and blue. The swatches are positioned over a desk with various items: a calendar with months from DEC to JUN visible, architectural floor plans for a living room, kitchen, library, and bedrooms, and a photograph of a room with a wooden table and patterned rug. A paintbrush is also visible in the upper left corner.

## **SIMPLE**

An image framed tight behind glass. A nice, simple way to display your new artwork.

## **MODERN**

An image framed with a single off-white matte behind glass. A more traditional look to properly display your art.

## **ELEGANT**

An image framed with double mattes behind glass. Colored mattes available at an additional cost to make your artwork pop. A slightly more expensive option to elevate your space.

## **SIMPLE**

An image printed on canvas and framed tight.

## **MODERN**

An image printed on canvas and stretched around a hidden frame.

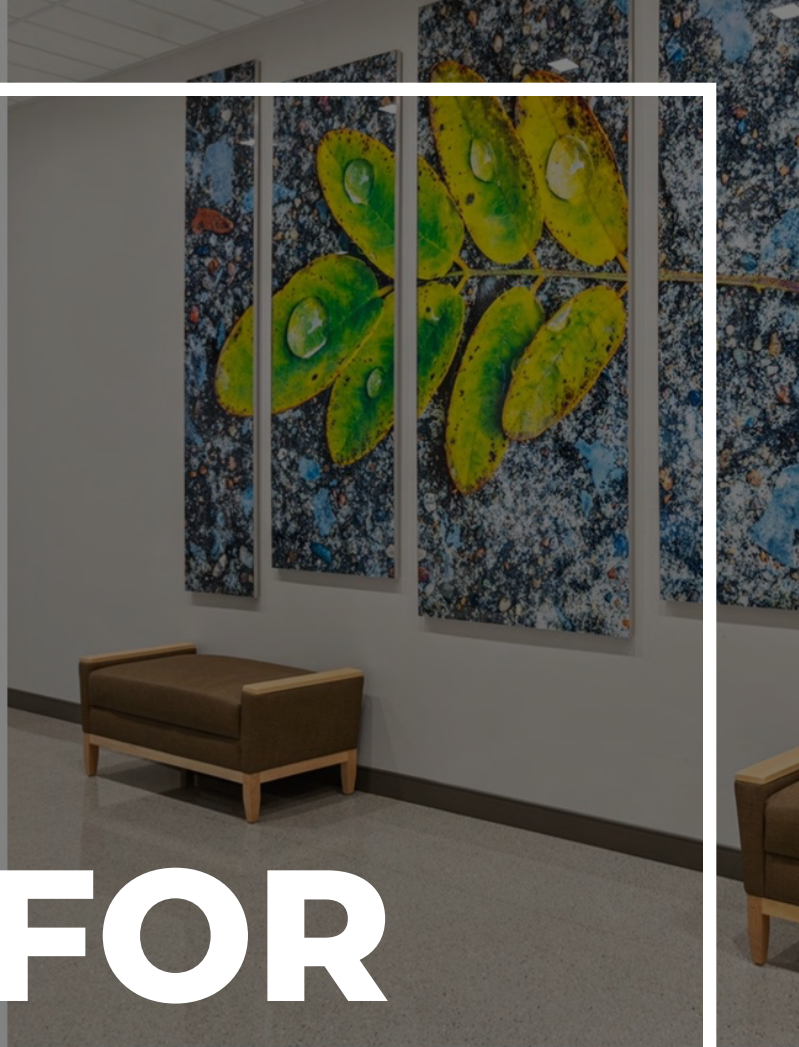

## **ELEGANT**

An image printed on canvas, stretched around a hidden frame, and finished with a floater frame.

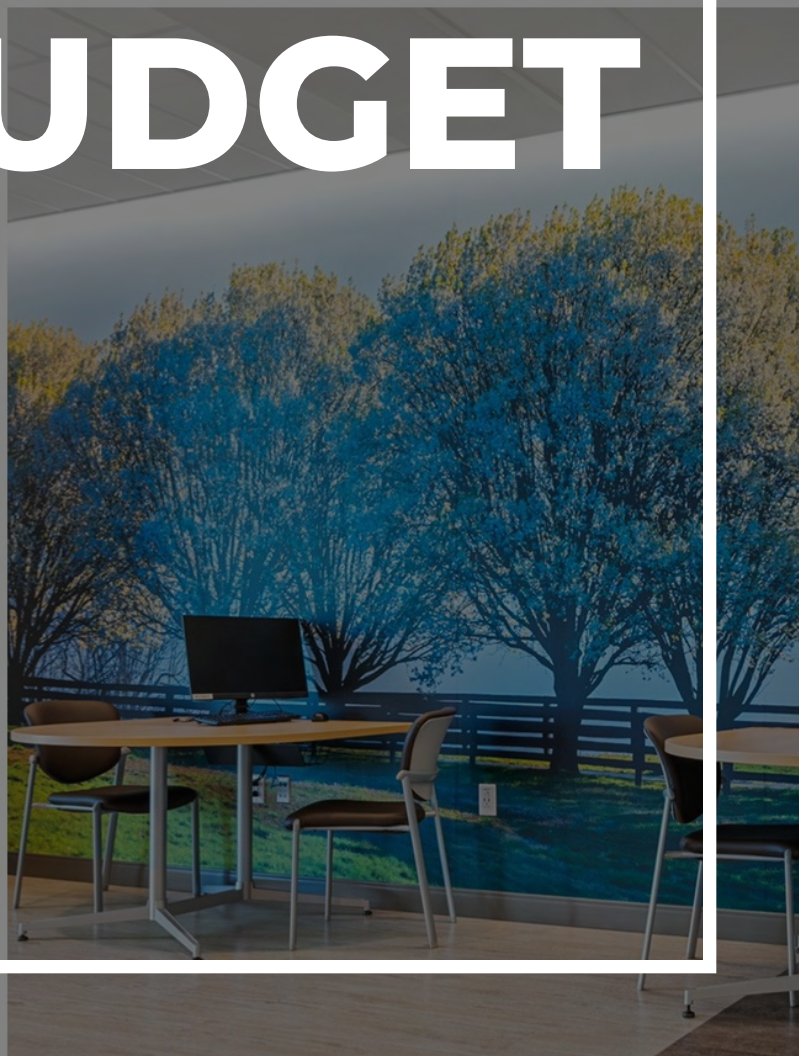

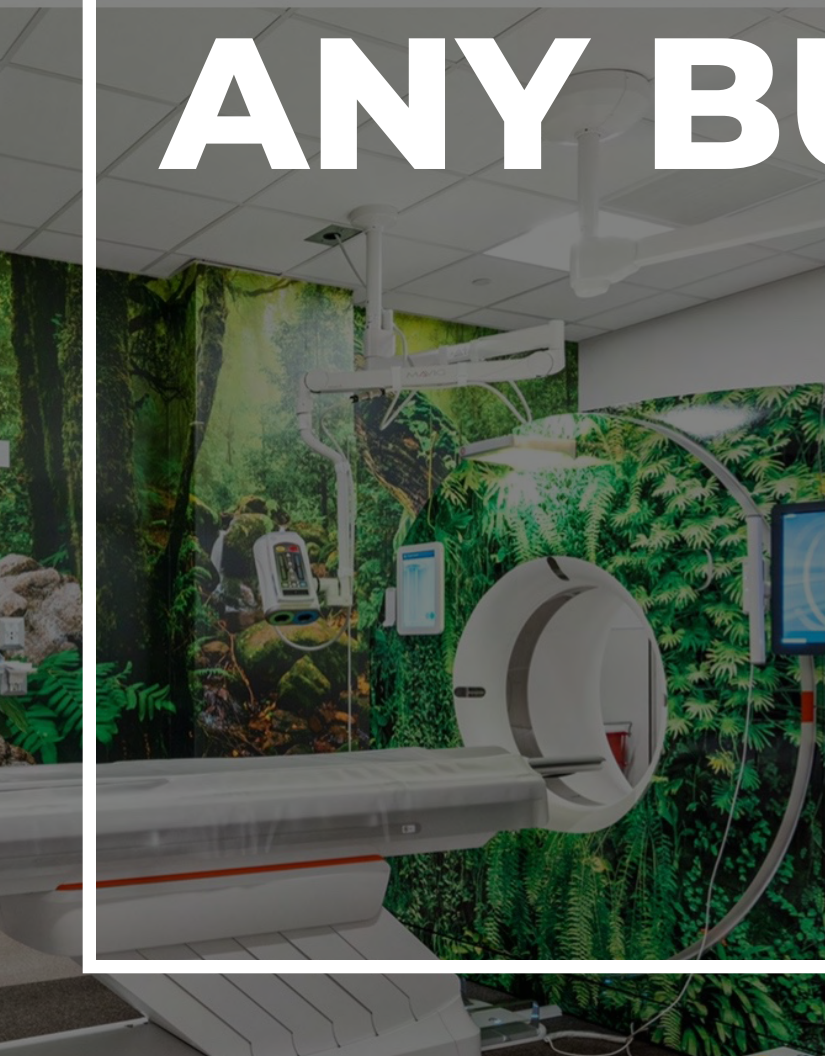

## **UPGRADE**

An image printed on canvas with added embellishments.
